

Riveting Rollover Stories Grade 2

It's the first day of Summer vacation and you are at the beach with your family. It's a very sunny day but breezy too. You are making a sandcastle and decorating it with sea shells. Suddenly you hear a little voice talking to you. It's coming from a big seashell..... The seashell pulled me into the ocean and took me to a big underwater castle. Suddenly a big tiger, Sherkhan came into the water and saw me! The tiger put me back onto the beach and I got rescued!

Then I went back underwater with the seashell and to the underwater castle. It is full of pearls. Inside, they fall into a hidden portal and meet Severus Snape who turns out to be very strict! He asks – “Did you finish your homework?” It was Math homework. Then Sherkhan and Georgina open up an underwater world! Georgina is worried that her math books are at home. Little did they know; everytime Georgina and Sherkhan got a math sum wrong – he made them stand in the sun for 2 hours and then he gives them more homework!

This kept happening and they went indoors and outdoors and finally got sunburnt! Finally they had worms in their hand and too many math sums! So they went to the store and bought aloe.

In a sudden change -

Sherkhan was lying around and suddenly he put his enormous pointy claws up and scared Snape! Then Georgina and Sherkhan went out for a walk. After 5 minutes, a whole tornado came and took them to a magical but scary place. It was Jurassic Park! There was a pink brockasaurus named Naddie who was blue and pink and just little strange really!

They all see Voldemort in this spooky Jurassic Park jungle and start fighting using their hands. When they were fighting – suddenly a T-rex appeared. He wondered what they were fighting about.

Later, they all went back to the beach. George and Sherkhan went on a walk and saw a pile of sharks! There were at least 50 sharks! The megalodon came and with the air pressure - the pile of megalodons exploded! Snape was living inside one of them! The ghost of Snape came and to live he had to have a million dollars.

So his ghost robbed a bank!

Snape got an invisible serum and tried to come back and fight with them. Then the people ran back into the forest and Snape told them they had 20 minutes! They ran and reached a cottage to hide. They went into the attic, saw the basilisk and were almost petrified!

They managed to escape and even though Snape had an invisible serum, he wasn't able to climb a tree!

They thought they could go somewhere to hide from Voldemort!

They went inside and saw different types of houses! One had a witch and another had a robot! They went further from the house with the robot and found an attic. They made a trap for Voldemort who was hiding under the bed! They realized part of it was a dream!

Slowly a very bright light appeared and Lord Shiva came and told them Lord Voldemort is under your bed! Voldemort said - Hey there mister, don't be a silly crackpot with me! Lord Shiva uses his magic and sent Voldemort to a horrible place full of rats that he can't get out of! Voldemort is so powerful that he creates a magical potion to create a portal to get out! He sprinkles a little potion everywhere and gets out. All of a sudden Harry Potter, Lord Shiva's friend appears!

When Harry zapped Voldemort, he pretended to run away! Harry quickly recast a spell and reappeared and came behind Lord Voldemort! Lord Shiva hit him with a lightning bolt and Voldemort turned good! Now because everybody was happy, we could sleep and not have these scary dreams! Lord Shiva, presented them with a gift of a glowing lightning bolt!
