

Bio-data of Peter Theobald

Peter Theobald is a Chartered Accountant and holds a Post Graduate Diploma in Software Technology) from NCST Mumbai and he has passed the Certified Information Systems Auditor (CISA) from ISACA, USA

Peter started his career in Computer industry in 1987, selling Financial Accounting software. Thereafter he set up a company called Quantum System Software which launched RedAlert, India's first virus-independent computer virus defence system. In 1995, he set up IT Secure Software Pvt Ltd. The company was a pioneer in selling security solutions to large corporate customers in Mumbai. IT Secure was also involved in bringing brands like Sonicwall and Barracuda Networks in India and setting up a national distribution channel for these companies. In 2008 his company was acquired by Softcell Technologies Limited and Peter came on board as their Sr VP (Enterprise Sales) focusing on the Security business. From 2015-2020 he was President – Security business at Hitachi Systems Microclinic and in Dec 2020 he rejoined Softcell as a Security Evangelist.

Peter has travelled extensively both in India and abroad and participates and delivers talks at security conferences in India and South East Asia. He has written extensively for the trade and business magazines such as Economic Times, Business India, Network Computing etc on the security field.

His other interests are writing, health and nutrition (he volunteers for NGO SHARAN), long distance running (he runs the half marathon every year, raising money for charity), trekking (in the Sahayadri and Himalayas) and photography. He also enjoys performing magic for children. His book on Health "I am NOT a Doctor" will be published early 2021

He is married to Rita, also a Chartered Accountant, and they have one son, Krish, who is studying to be an interior designer.
