## THE BIS STORY & EDUCATION PHILOSOPHY

BIS was founded on a dream envisioned by parents. This emerged from a longing to break away from constraints of traditional educational systems and to allow children to question, explore ideas and to give wings to their creativity.

The vision was to have an ecosystem where education was perceived as a wondrous discovery. Education at Bombay International School (BIS) is thus a collaborative effort, where parents, teachers and students work together so that children have the freedom to pursue individual passions and discover their true interests. Armed with holistic education that fosters liberal-mindedness, children step into the world as empowered, empathetic adults, infused with idealism, practicality and the desire to make the world a better place.

BIS inculcates in its students, a spirit of compassion, collaboration and habits of the mind that include self-regulation, self-awareness, creativity, communication, critical thinking and research skills. Our faculty comprises a diverse range of educators who are passionate about teaching and learning and use principles of constructivism, inquiry and concept-based learning.

## ENROLLMENT

All students are registered for the full IB Diploma. With guidance, students choose subjects based on their passion, interest and further education choices. They are given freedom to choose their subjects, and students are allowed to pursue three sciences in case they wish to pursue medicine. All students complete the core IB requirements of Theory of Knowledge, Extended Essay and CAS (Creativity, Activity and Service) which adds to a holistic approach with adequate rigour, depth and breadth.

## SERVICE LEARNING THROUGH CAS (CREATIVITY, ACTIVITY, SERVICE)

A healthy balance is achieved between all three strands of CAS and this is built into the Diploma Programme. Students participate in multifaceted school-led creative experiences through stage performances, dance and art and community service every week over a period of 18 months with guidance from the CAS Coordinator and CAS advisors. Additionally, special projects initiated by students are enthusiastically supported by the school. Over the years, students have initiated learning and sharing clubs for Math, Chess, Music, MUN, Cooking, Dance, Yoga, and Visual Art. Sporting activities include football, swimming, chess, badminton, squash, cricket, horse riding and self-defence. Students also participate in 'Hobby Hour' where they choose between Art, Improv, robotics and sports.

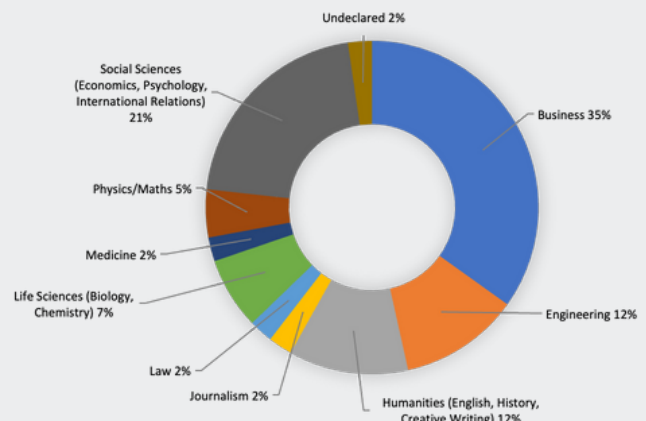

As part of our commitment to community service, the "IB Together" program 'Lil Champs' pairs senior students with younger ones (lower and upper preparatory students) for engaging activities like music, dance, drama, and art. In addition, our students collaborate with NGOs such as Parakh Dharamshala, Seva Sadan, Jai Vakeel, and Toybank. Additionally, we organize CAS Camps in remote areas where students have the opportunity to challenge themselves in new ways and serve underprivileged populations they may not encounter in a city like Mumbai.

## STUDENT COUNCIL

## STUDENT PROFILE

Diverse interests of our student body, both academic and extra-curricular, enrich learning experiences at BIS. To complement academics, students have independently excelled in creative pursuits such as robotics, building engineering prototypes, conducting bake sales, writing research papers and performing arts. On the non-academic spectrum, students have wide-ranging interests from more traditional pursuits of swimming, squash, dance, painting, writing and music, to atypical interests like horse-riding, music composition, origami, bird watching, graphic design, apparel design, sailing, and scuba diving. Our students actively engage in various community service initiatives including working with Parkinson's patients, distributing sanitary products to underprivileged students, coordinating beach clean-ups, and organizing toy donation drives for under-served communities.

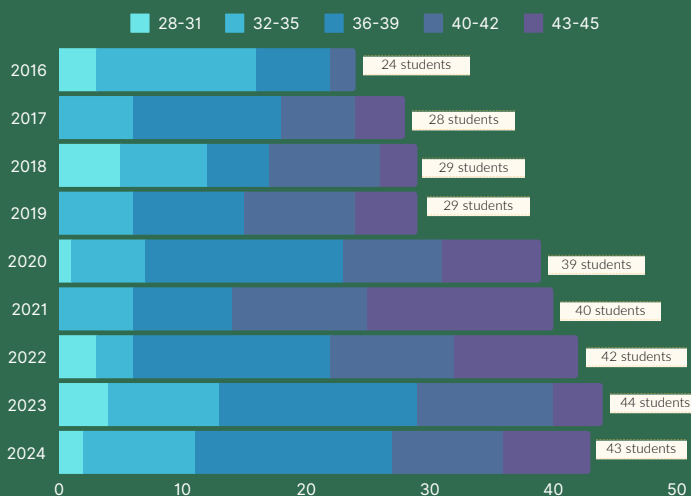

The class of 2024 had very diverse pursuits post the IBDP and are pursuing majors depicted above.

## ASSESSMENT AND REPORTING

Report cards are issued at the end of each term with three types of grades generated over two years.

**Achievement Grade:** reflects continuous assessment of knowledge, concepts and skills attained by students in all assessments and tests taken in a subject over the term.

**Exam Grade:** reflects assessment of knowledge, concepts and skills in end of term examinations aligned with IBDP subject-specific assessment objectives and grade descriptors.

**Effort Grade:** demonstrates student effort in all learning engagements during the term and takes into account progression on several skills and dispositions.

**Early Predicted Grades (PGs)** were released in June 2024 and reviewed in December 2024 to generate Regular PGs. There is very close correlation between our predicted grades and final IB Diploma results which the school has consistently maintained since 2014.
